FOR IMMEDIATE RELEASE

SRNS Partners with Georgialina Physical Therapy Associates to Bring Services to SRS Employees

AIKEN, S.C. – April 25, 2013 – The days of long drives, even longer wait times, and work challenges associated with ongoing physical therapy appointments are drawing to an end for Savannah River Site (SRS) employees thanks to a partnership between Savannah River Nuclear Solutions, LLC (SRNS) and Georgialina Physical Therapy (GPT) Associates.

Together, the companies have launched a new program to provide a range of physical therapy services to all SRS employees.

“Any SRS employee can schedule an appointment with us at our on-site location,” said Brett Brannon, co-owner, Georgialina Physical Therapy Associates. “We provide the same services at our SRS clinic that we do in any of our eight locations across the CSRA. Best of all, it is just as easy to receive services; we bill the patient’s insurance company, just like our traditional offices do.”

The Georgialina SRS-based clinic is currently open every Tuesday and Thursday from 10 a.m. to 4 p.m. and additional treatment days and hours will be added as demand warrants.

“SRNS is proud of the partnership we have formed with Georgialina Physical Therapy to bring this worthwhile service to SRS. It is just one more example of our company’s commitment to assisting SRS employees take control of their personal health and physical wellness,” said Terry Hanna, Employee Health and Productivity Wellness Coordinator.

SRS employees who are interested in receiving services at the SRS-based clinic should call

The Savannah River Site is owned by the U.S. Department of Energy and is managed and operated by Savannah River Nuclear Solutions, LLC.

(803) 226-0520 or (803) 557-4879 or visit Georgialina Physical Therapy on the web at: www.physicaltherapyaugusta.com. Self-referrals for physical therapy evaluations and treatment are also accepted without a doctor's prescription.

"Our slogan at GPT is 'partners for your good health,' and we are excited to further that mission by partnering with SRNS to provide SRS employees with quality outpatient rehabilitation services, without the hassle of traditional office visits" said Brannon.

Georgialina Physical Therapy Associates is 100 percent locally-owned and operated. They treat a broad range of diagnoses and receive referrals from over 500 physicians across the CSRA.

Savannah River Nuclear Solutions, LLC, is a Fluor led company whose members are Fluor Federal Services, Newport News Nuclear and Honeywell, responsible for the management and operations of the Department of Energy's Savannah River Site, including the Savannah River National Laboratory, located near Aiken, South Carolina.
